

Operational Needs Reporting Protocol

Guiding Principles for All Schools

- Schools will continuously review their current data of students attending in-person instruction.
- Schools will continuously review their parent responses indicating an intent to send students to school for in-person instruction.
- All students attending in-person instruction must be in class with their appropriate grade level/subject area instructor receiving more of a traditional teaching/learning experience. Students attending in-person instruction should not be seated at desks engaging with the teacher and students in classroom via the Teams platform. It is understood that students in blended model classrooms may need to access the Teams platform for small group activities with students who may be attending school remotely.
- Students cannot be housed in or assigned to overflow rooms on a permanent basis. It is understood that these areas may be needed to address the daily realities of substitute teacher needs in schools.
- Review of opportunities to create pure in-person and pure online classes was conducted and implemented where it is operationally appropriate/feasible. All scheduling options must consider class size implications. Opportunities for pure in-person classrooms must take into account any challenges for physical distancing protocols.
- Strategies that have financial implications must be sustained within the school's budget.
- All available remote assignments must be given in accordance with the priority levels outlined in the September 29, 2020 MOU with BTU.
