

Engaging & Empowering Educators

**February 14, 2018**

Dear BTU Building Steward:

This memo is intended to remind all Stewards of the Broward County School District policy of "No Solicitation" during school hours.

However, as negotiated in our contract with the School Board of Broward County, representatives providing services to members are allowed access and are authorized to be on campus when members are present (this should be during duty free time). The companies that provide benefits to our members are:

- **VALIC**
- Liberty Mutual
- American Fidelity
- Creative Benefits
- NEA & AFT member benefits
- H & R Block

If you find other companies soliciting members contrary to the School Board-BTU Contract policy, please notify the principal or assistant principal that these companies are not authorized.

Should you have any additional questions, please contact BTU.

In Solidarity,

Anna Fusco  
President
